# Lee Evans Wedding Films

"I'm happier than I thought I could be. The DVD captures every detail I could have hoped for. 'Wow!' is all we keep saying."

Leanne and Matt, Welwyn

## Wedding Films

Forget about wedding videos you've seen in the past. A wedding film by Lee Evans uses quality production values as used in television and films to create an interesting and stylish record of your special day.

We use your choice of music, multi-camera filming, stylish transitions and film-like colour treatments to capture the essence and sentiment of your wedding without ever being intrusive.

In years to come your children and grandchildren will thank you for capturing your day, especially if you go for the high definition option.

*"You were fantastic on the day, very discreet but still managing to capture great footage and the editing really is superb.*

*We really couldn't be more pleased to have such a great record of our day"*  
- Neil & Jodie, Chesham

## On the Day

We always arrive at least an hour early to set up 2 or 3 high definition cameras. These record every aspect of the ceremony and reception in stunning detail.

We give the groom a tiny wireless microphone, and use similar subtle audio devices during the speeches for crystal clear audio so not a word is missed.

We have found that keeping a distance from the bridal party and your guest gives the most relaxed footage. Most people don't even know we are there on the day.

## Watch on DVD, Blu-ray, iPod or the Web

You even get a choice of how to watch your wedding film so you can share your treasured day with friends and relatives anywhere.

As standard you will get a secure website with your highlights video and slide show to share with friends. This is in addition to your feature-packed DVDs.

Why not choose our Blu-ray option for stunning high definition video.

Or what could be a better gift than an iPod with your wedding film for your parents or friends.

## Packages and Features

Our pricing and packages are very simple, we simply charge for the number of locations we need to visit - you get all the extras included.

Standard features on all wedding films include:

- Guest messages
- Introduction with titles
- Your choice of music (copyright licence included)
- Highlights video
- Slideshow
- Fully menu driven DVD
- Advanced colourisation techniques used
- Exceptional production values
- Closing titles, with shots of the day and guest lists
- 2 or 3 Camera shoots

*"Our wedding day was a distant memory after our honeymoon, but your DVD allowed us to not only relive the day but see so many things we had missed. Thank you for catching the day so perfectly."*

*Clara and Jim, Marlow*

"A pleasure dealing with you, from the first phone call to the fantastic 'Hollywood' production of our wedding"  
Mr & Mrs Whittam, St. Albans

## Wedding Filming Process

Once you've chosen your date and location, simply E-mail or telephone to confirm availability.

About 6 weeks before the day we will send out our pre-filming questionnaire which will allow you to specify things like music, additional locations, editing style, contacts and other options.

On the day we will be on site at least 1 hour before the ceremony, introduce ourselves, then keep a discreet distance for most of the day. Hopefully you won't even know we are there until we say goodbye after the first dance.

4-6 weeks after your big day, you will receive a proof DVD. Once approved and any changes made, your final copies will be sent out.

## Booking Process

We understand how busy you are, and how many things you have to organise, so there is no need to meet up to make your booking. Just call or E-mail to check your date, fill in our booking form and send your deposit to hold your booking.

Around 3-4 weeks before the event we will send out a pre-event questionnaire. If you are having a church rehearsal we will always try to attend to make sure everything goes smoothly on the day. This is also a good time to meet up to discuss details of the day. If you're not having a rehearsal you are welcome to drop the form off by hand or simply return your form in the post using the envelope provided.

If you'd like to see more examples of our work please let us know and we will be happy to send out a full wedding sample.

"Having a video made by Lee Evans was one of the best decisions that we made for our wedding"

Jessica & Pete, Amersham
